RALEIGH, NORTH CAROLINA

STATE COLLEGE

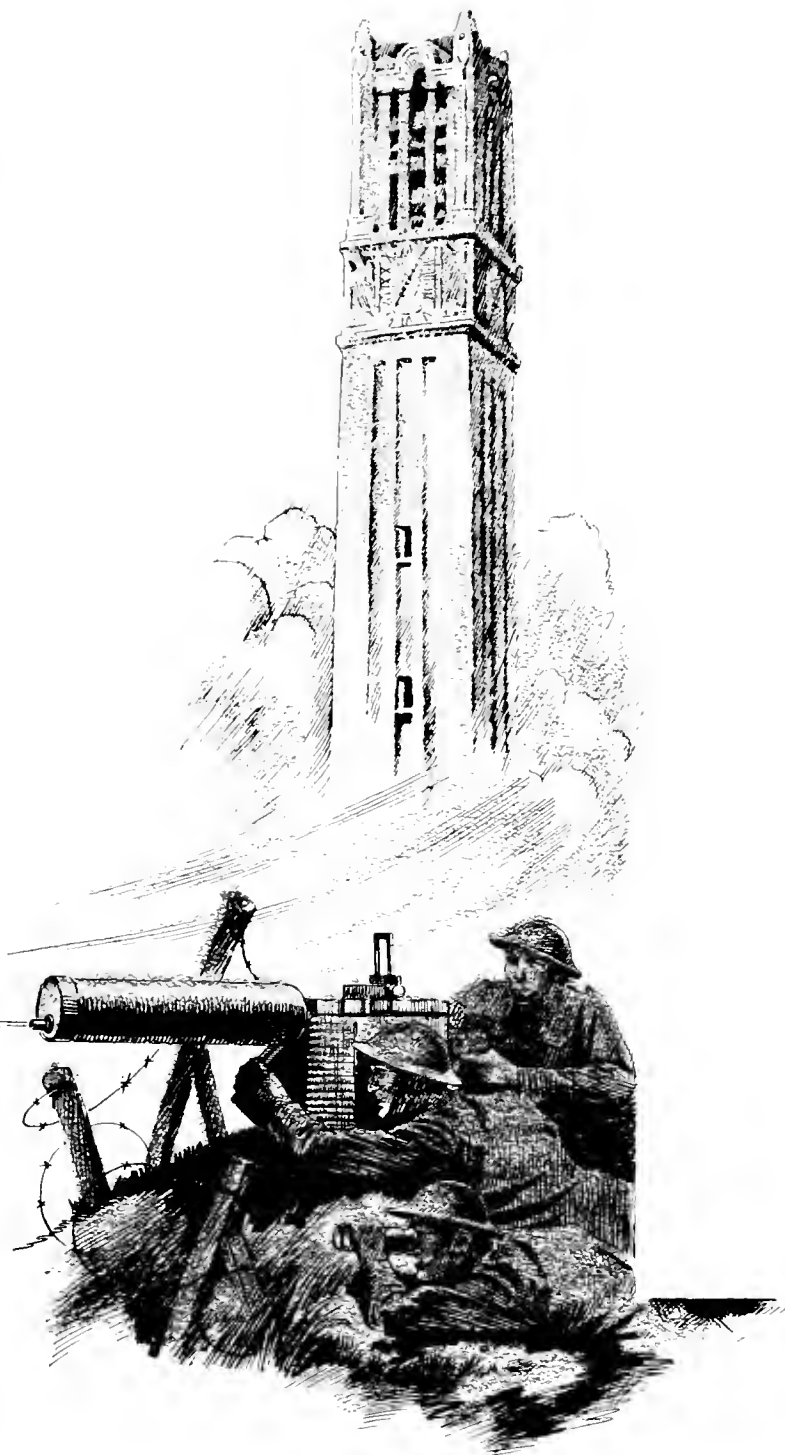

TO THOSE WHO

... THE GLORIES

MADE

THE · SUPREME · SACRIFICE

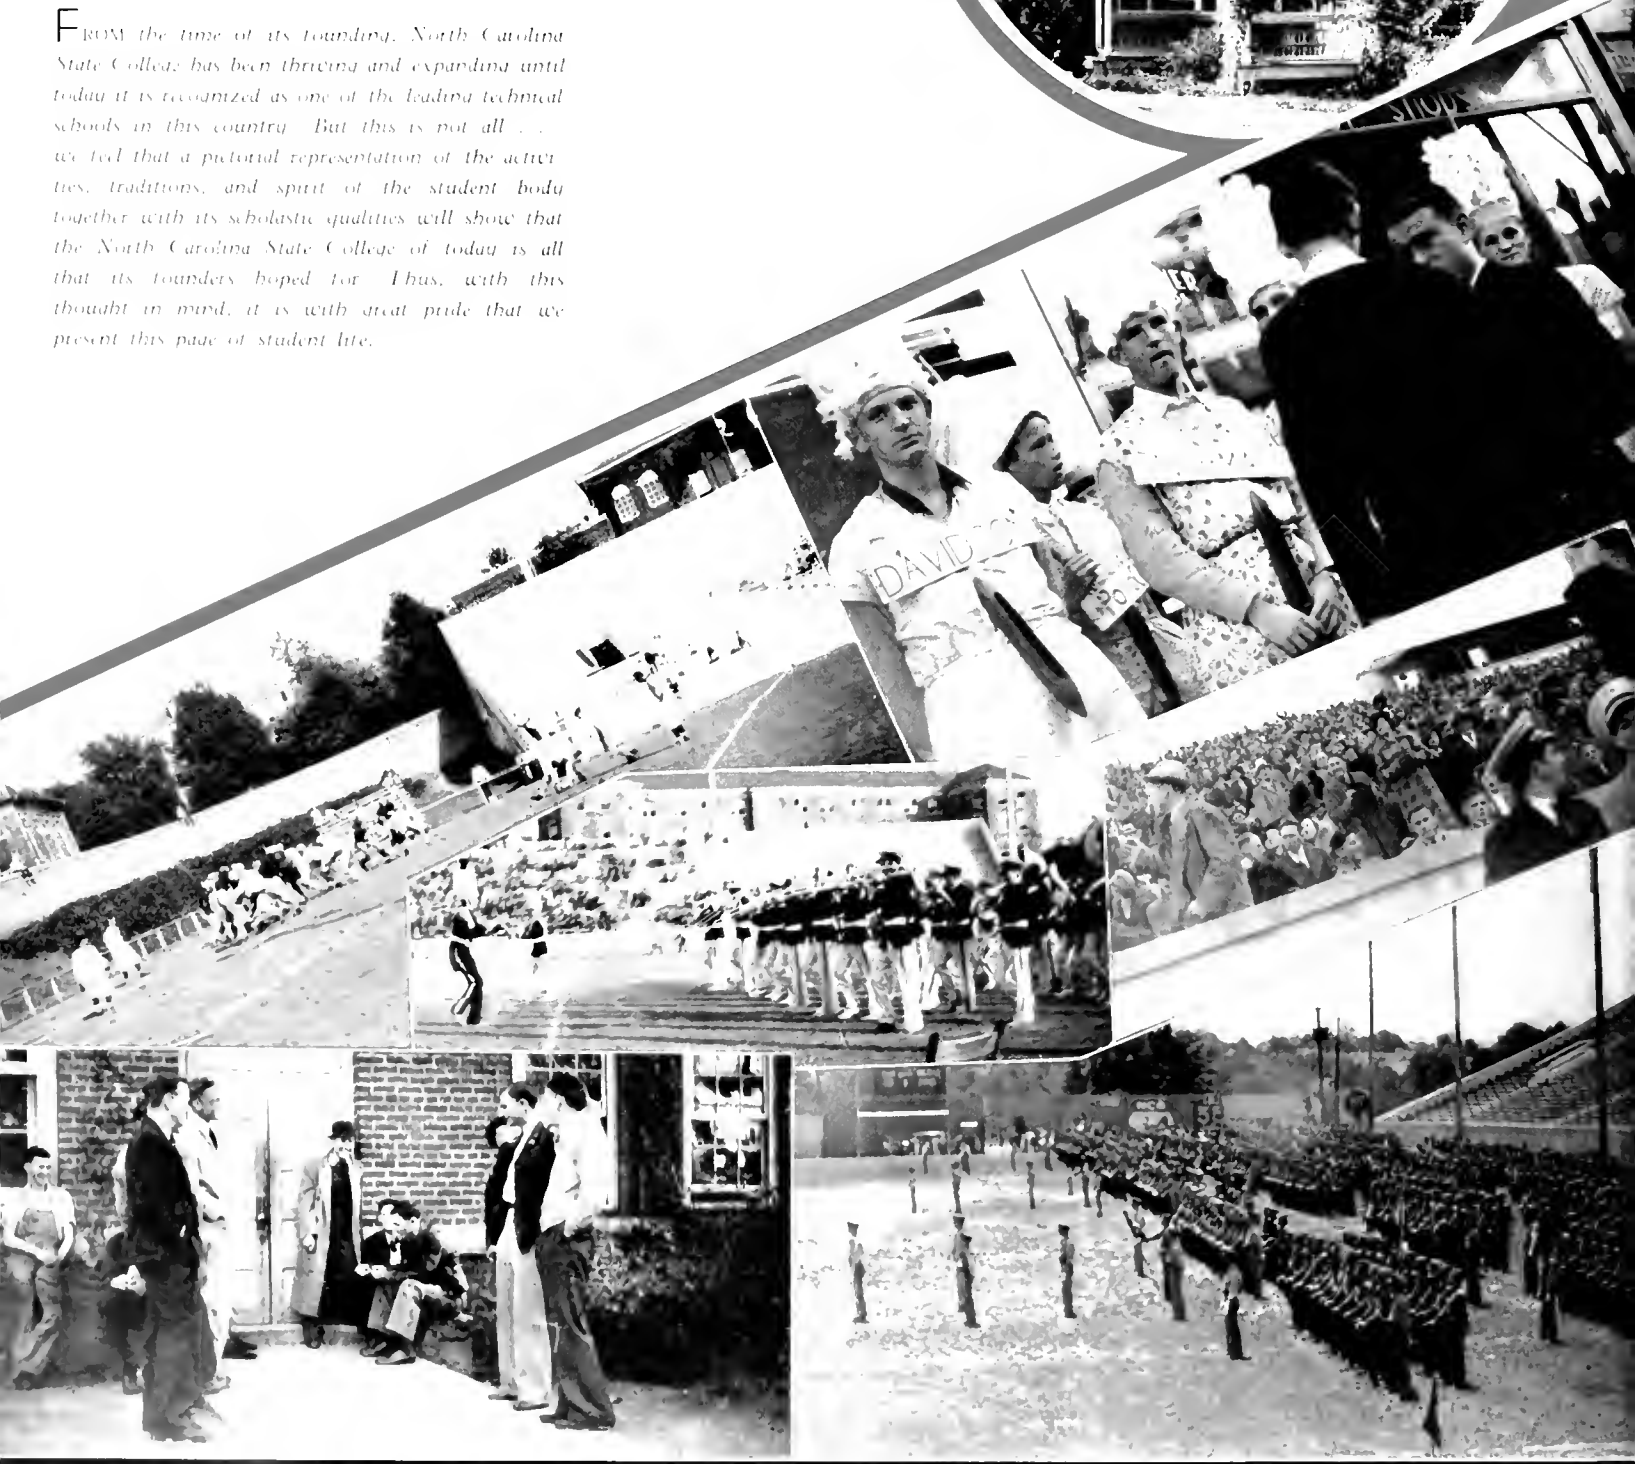

IN reverent memory of those members of the faculty, student body, and alumni of North Carolina State College who made the supreme sacrifice of laying down their lives in the honorable service of our country during the World War, we dedicate this, the thirty-third volume of the

AGROMECK.

O F H E R P A S T

The North Carolina State College of To-day

FROM the time of its founding, North Carolina State College has been thriving and expanding until today it is recognized as one of the leading technical schools in this country. But this is not all . . . we feel that a pictorial representation of the activities, traditions, and spirit of the student body together with its scholastic qualities will show that the North Carolina State College of today is all that its founders hoped for. Thus, with this thought in mind, it is with great pride that we present this page of student life.

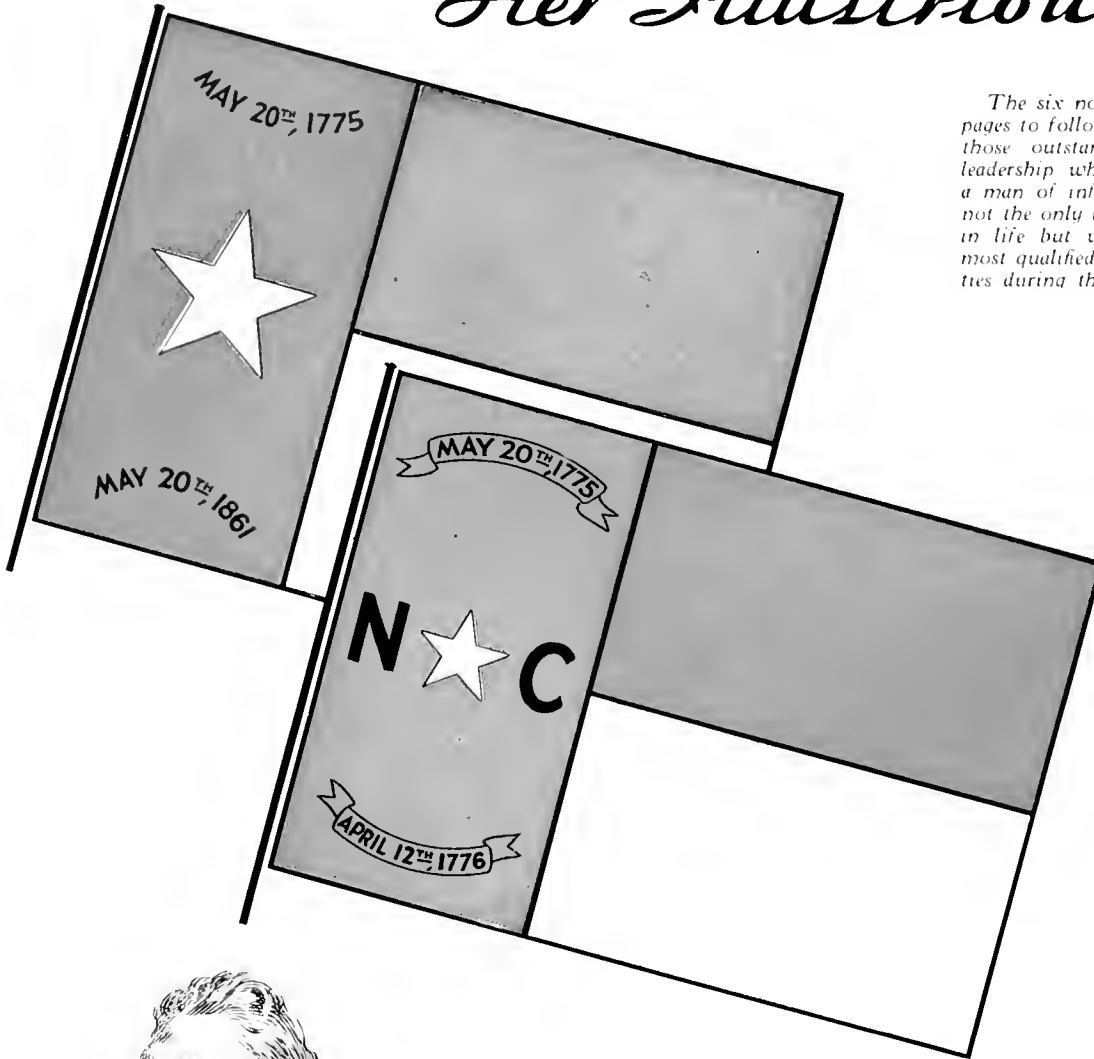

• • • THE SPIRIT

OF HER PRESENT

The Old North State Her Illustrious Sons

The six noble men pictured below and on pages to follow were selected because they had those outstanding traits of character and leadership which lend themselves to making a man of infallible qualities. These men are not the only leaders of their respective periods in life but we feel that they are the ones most qualified to represent the military activities during their time.

FOREWORD

THE 1937 AGROMECK is based on the thoughts and ideas that prompted the erection of the Memorial Tower. This beautiful edifice is a memorial to the North Carolina State College men who gave their lives in the World War. As this tower stands in memory of these sons of State College, so does this year-book remain in respect to the North Carolinians who portrayed their spirit and interest in the Tar Heel State by taking outstanding parts in the six major wars participated in by North Carolina. To those of you who read this 1937 edition of the AGROMECK, we wish to leave a review of the active parts played in periods of the past by a few of North Carolina's outstanding men. By giving you the pictorial representations of these wars and their invincible participants on these pages and others to follow, we wish that you may not remember them only for their artistic beauty, but—remember them as the undaunted and tireless efforts of men of this State to make it one of which we can all be justly proud. It is the hope of the editors that the accumulation of memories, activities, and intimations contained in these pages will serve as ample reminders of North Carolina State College.

HONORARY LINK

COL. BRUCE MAGRUDER

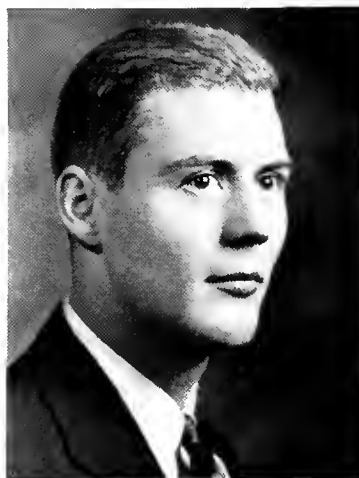

SENIOR HONORARY

Golden Chain, Senior Honorary Society was established in May, 1926. Twelve Juniors considered the most outstanding leaders of their class are added to the Chain by a tapping ceremony conducted around the traditional sun-dial at the Memorial Tower. This usually takes place in May of each year. The underlying purpose for which this society was founded is to promote better leadership and citizenship on the campus.

THE COLOR GUARD

COL. CHARLES S. CAFFERY
Commandant

MILITARY

The Reserve Officers Training Corps is one of the major divisions of North Carolina State College and is one of the most active organizations on the campus. The unit is the largest regiment in the Fourth Corps Area, and also maintains the distinction of being one of the finest R.O.T.C. units in the entire country.

The unit is under the direction of five commissioned Army officers. These officers act as drill instructors, military classroom professors, and executives who handle the supplies, training program, and the social activities of the military unit. It is because of the untiring efforts of these tactical officers that the unit has been able to maintain its rank as one of the best drilled units in the country.

The Instruction of the R.O.T.C. is divided into two main divisions. The first two years, or basic course, is required and teaches the fundamentals of military science. It also helps to select those that will be chosen for advance work. The last two years, or advanced course, deals with military problems, aerial photography, military law, the study and use of the various types of weapons, and finally a study of some outstanding military problems. Along with these instructions, the student is taught the proper care of their bodies. Throughout the courses, the student is taught the fundamental duties of an American citizen along with its responsibilities and principles.

The
AGROMECK
 1937

To us, the Staff of THE 1937 AGROMECK, this annual represents many hours of tedious study and work to give you what we hope you will like and appreciate for many years to come. A large portion of the credit is due to you, the students of North Carolina State College, for without your activities and support this book could not be published. Many hardships and problems confront one in the making of a college annual, and we hope that you will take this into account when weighing its faults against its commendable features.

Much credit is due the business staff. For without their commendable work in securing outside aid in the form of advertisements, the best could not be accomplished; and this is what we desire to give you. This, along with the handling of the general financing of the book, is the work of the business staff.

THE TECHNICIAN

1936-1937

R. H. MORRISON, JR.
Editor

A majority of people probably look upon those students who spend long hours every week in working on *The Technician* as being a bit queer. True, these reporters and advertising solicitors spend many weary hours every week in order that the campus may receive its newspaper every Friday morning.

True, these embryo editors and business managers sometimes get tired of their work and quit.

But to those who are really interested, who have a dash of printer's ink in their blood, the dividend in their college newspaper work is a large percentage of their investment. The dividend for time lost from books, from movies, from bull-sessions is not a monetary one, but a return in valuable contacts over the campus, in ability to express thought clearly and concisely, in ability to talk to anyone without being self-conscious, in ability to type.

It isn't the hope of recognition as a campus leader that draws together the personnel of *The Technician* staff. There are much easier and more effective ways of achieving that renown than putting in the hours on the student weekly. It's something that makes old *Technician* men return to the office to sit and chat, that makes for a kindred bond between all staff members past and present. It's something like a fraternity, both to those who have pounded the streets and sold ads and to those who have burrowed sleepy heads in books during the wee sma' hours at Edwards and Broughton while waiting for the galley proof of that final page. It's a fraternity the bonds of which the members wouldn't break for the world, though they openly swear at the hard work and long hours. It's a chance for a student to get a cross-section of student life; a chance which he can get in no other activity. It's life itself.

THE WATAUGAN

As another year draws swiftly to a close, we look back and see that the *Wataugan* has enjoyed its twelfth year of success. To the editorial staff—our congratulations for getting so many issues past the administrative authorities without being called to account. To the business staff—you have done a nice job making the *Wataugan* a financial success. Trying to give each student on the campus exactly what he wants is a real problem, you have come as near satisfying everyone as you possibly could have done.

To those of you who do not read the *Wataugan* we might say that it is an entirely humorous magazine published at irregular intervals six times each year.

THE AGRICULTURIST

The *Agriculturist* is a publication devoted in a major way to the activities of the agricultural department of State College. It is edited by students of agriculture and keeps the alumni well posted on the doings of this branch of the school. The *Agriculturist* has proven itself to be a splendid channel for publicizing the college and agriculture school, and affords an opportunity to the students to express themselves and their opinions on subjects that are of interest to the farmers and extension workers throughout the state.

This commendable publication has established itself in the thirteen years that it has been on the campus to such a degree that it has not only become an almost necessary part of the agricultural school, but one that is eagerly awaited by the students.

THE PINETUM

The *Pinetum* is published yearly as the annual of the Forestry School. The staffs of the past few years have done wonders in surmounting all the obstacles to make the *Pinetum* one of the best publications on the campus. By the efforts of these staffs the *Pinetum* has grown from a very small publication to one of which the Forestry School is justly proud. This year the editorial staff has enlarged the annual again, and has used more pictures of various kinds. The business staff cannot be overlooked, for it is through them that these advancements are made possible. They procure the advertising and handle all the financial affairs of the publication.

STUDENT GOVERNMENT

It is the purpose of the Student Government to handle all matters of student conduct, honor, and general student interest; and to promote in campus life self-control, personal responsibility, and loyalty to the college and to the student body. Every duly registered student of North Carolina State College automatically becomes a member of the Student Government and is subject to the jurisdiction of its legislative branches. Each undergraduate at the time of his enrollment must sign a pledge accepting his part in the Student Government and pledging his support to the cause.

The article of the Student Government had its origin at this college in 1921. Since that time there have been revisions made in order that changing conditions and needs might be adequately coped with, but the principles of student participation have remained unchanged. The Student Government is valuable to the students in that it develops a sense of responsibility in the student and trains him along lines which are conducive to good citizenship

THE PURPOSE OF THE Y. M. C. A.

The Young Men's Christian Association on the State College campus is a fellowship whose primary purpose is to win boys and men to Jesus Christ, to associate with them in Christian living, and to help them to discover and to accept the full meaning of Christian discipleship for their own lives and for society.

Like all living fellowships, our Association has been responsive to changing situations and to new factors in its environment. This development appears in range of fellowship, in extension of program, in liberty of thought and practice, in church and community relations, and in world-wide brotherhood.

Through all changes we are a Christian Association, seeking to discover what Jesus Christ means for us as men and boys, and to commit ourselves to God through him. Through Jesus Christ—his life, his death, his resurrection—we find ourselves brought face to face with God, whose creative good will and redemptive love summon us to self discipline and heroic adventure.

We would seek to make all our activities expressive of our Christian purpose. Group life, personal relations, the management of our Association and the larger meetings of our Movement afford opportunities for discovery and fulfillment of personal needs, the sharing of aspirations and purpose, and the realization of our allegiance to Jesus. We would join in Bible study and prayer as means to the fuller understanding of Jesus and the sharing of the divine purpose, and would seek to make our activities and contacts the means of occasions of an effective Christian evangelism.

As a Young Men's Christian Association, we are challenged to adventurous thinking and to creative action. We live in a world where new issues continually arise, new problems emerge, and new resources are discovered. We are concerned with youth, which brings to life fresh vision and hope, and in whose hands lies the making of tomorrow.

THE NORTH
CAROLINA

Delta Sigma Pi was founded at New York University, School of Commerce, Accounts, and Finance on November 7, 1907. It is a professional commerce and business administration fraternity organized to foster the study of business in universities, to encourage scholarship, and the association of students for their mutual advancement by research and practice, to promote a closer affiliation between the commercial world and students of commerce, and to further a higher standard of commercial ethics and culture and the civic and commercial welfare of the community.

Pine Burr began with a membership of ten faculty members and sixteen student members in the spring of 1922. It has maintained its place as the largest and most representative honor society on the campus. It is free of national ties and devotes its work entirely to the betterment of State College by encouraging scholarship and leadership, and by participating in various projects for campus improvements. Students eligible for membership must have a scholastic average of 85, must never have failed a course, must have taken part in extra-curricular work, and must be of good moral character and high ideals.

The North Carolina chapter of Alpha Zeta, national honorary agriculture fraternity, was established in 1904. Alpha Zeta's first chapter was founded at Ohio State University in 1897. The members are chosen from the upperclassmen of the School of Agriculture who have a scholastic ranking in the upper two-fifths of their classes. The limitation for membership also requires that only those students who possess outstanding qualities of character and leadership be admitted. The chapter is always striving for the advancement and betterment of the Agriculture School, and all agricultural endeavors.

The Tau Beta Pi Association, national honor society, covers the entire engineering field, but none other than the engineering. Tau Beta Pi was founded for the chief reason that brilliant engineers being unable to join honor societies, since education seemingly held a monopoly on the honor society at that time. In 1892 the first chapter was founded at Lehigh University.

Although distinguished scholarship is the primary requisite for admission into Tau Beta Pi, it is not considered the sole criterion. After scholarship requirements have been fulfilled, the selection is based on integrity, breadth of interest both inside and outside engineering, adaptability, and self-activity.

Phi Psi is the largest textile fraternity in the world and its alumni hold some of the highest positions of trust and respect in all branches of the industry. So that the alumni might maintain closer contact with each other, alumni chapters are located in all leading textile centers of the country.

Since its organization at State College, Eta Chapter has taken an important part in the activities of the Textile School. Its members have been prominent, not only in the affairs of the department but also of the college as a whole. They have gone out to earn places of trust and responsibility in the textile industry.

ENGINEERS' COUNCIL

The Engineers' Council was organized in the fall of 1926 by a group of students from each of the engineering departments, and with the help of two professors. The purposes of this organization are to promote the interest and welfare of the students in the schools of engineering, to create and maintain a fraternal spirit among the students of the several departments, to provide for the management of affairs in which all engineering students are represented, and to provide for the publication of an engineers' magazine.

Sigma Tau Sigma was founded for the purpose of instilling in the Textile students a desire for higher standards in scholarship. This honorary fraternity offers a cup each year to the Senior in Textiles that has the highest average. To meet the requirements of membership a student must have an average of not less than eighty. The name for this fraternity was selected from the Greek letters meaning Society of Textile Scholarship.

Keramos, the national professional Ceramic Engineering fraternity was organized in 1902 at Ohio State University. While the organization is strictly professional in nature, the requirements for membership are as high as most of the honorary societies and it permits the wearing of the key by honor students. Membership is offered only to students in the department of Ceramics or Ceramic Engineering who have a good scholarship record, are of good character and give promise of making good in the industry.

The object of Gamma Sigma Epsilon is to increase interest and scholarship in chemistry, and the general welfare of the chemist. The formation of Gamma Sigma Epsilon was for the purpose of happiness, comfort, and health of its fellowmen; to bring into closer relation the facts of science with the truths of God through the promotion of chemistry. The fraternity also promotes the subordination to law by engineering a higher regard for virtue and truth and unity with the members in close bond of friendship and fellow feeling those deemed worthy of esteem.

This organization, the national technical society of the ceramic industry, was organized in 1889 by six undergraduates in the first department of ceramic engineering in the world, at Ohio State University. Having no competition from other technical societies in the ceramic field, it has shown a constant and healthy growth and has become one of the outstanding technical organizations in the country.

STUDENT MEMBERS

All Students in the Textile School

The Tompkins Textile Society is a professional organization which was founded at State College for the purpose of having a place where students might discuss textile problems and other subjects connected with the textile industry. Meetings are held weekly, and at various times during the year men prominent in textile address the society. In this manner students come in contact with men who are experienced in the textile field, and can obtain valuable information from them. During the spring term, the Textile Department conducts an exposition, and the Tompkins Textile Society takes an active part in this activity. The textile show features a fashion parade, which is participated in by students from various girls' schools in the state. All the material for the dresses used in this parade is designed and woven by State College students.

All Students in the School of Agriculture

The Agricultural Club, which has shown through its record of achievement and success that it deserves the position of prominence which it has attained, is the official student organization of the School of Agriculture. It strives to afford the agricultural students lessons in conducting deliberative body, and thus it gives active practice as serving as an aid in developing leadership among the students and in public speaking. Interesting talks on different phases of agriculture by men connected with the School of Agriculture or the Experimental Station and by the students themselves, are given on the programs of the Agricultural Club.

Membership into the North Carolina State Forestry Club is not limited to a certain group of students but is open for membership to all the students of the Forestry School. This outstanding campus organization was formed in the interest of the profession, to encourage the students to become more closely associated with each other, and to supply a means for the discussion of subjects closely related to the field of forestry.

The American Institute of Electrical Engineers was founded by a group of telephone and telegraph engineers in 1884. The purpose of the society is to promote the advancement of the theory and practice of electrical engineering and of the allied arts and sciences, and the maintenance of a high professional standard among its members.

North Carolina State College Life Saving Corps was organized in the spring of 1935. The corps is affiliated with the American National Red Cross Life Saving Service. The purpose of this organization is to teach and promote swimming, life saving, and water safety. Before the Corps was organized, individual examiners conducted such work. During the past five years over 400 students have been issued senior life saving certificates.

The student in order to become a member of the corps must have an Examiner's appointment from the American National Red Cross Life Saving Service, and be accepted by the charter members.

There are ten active chapters of Lambda Gamma Delta. To obtain membership in the Epsilon chapter, the student must have been a member of one of the various Inter-Collegiate Student Judging Contest Teams of Agriculture products, or he must have made a special showing in some particular part of agriculture that would warrant a meritorious award for his outstanding work. The judging teams and their coaches have always made State College justly proud of them by their outstanding records. The members of Lambda Gamma Delta receive very valuable training through the experience and personal contacts made in the preparing for the contest and in the contest themselves.

The American Society of Civil Engineers is the oldest national engineering society in the United States, and during its lifetime has earned a record list of accomplishments, particularly encouraging intercourse between students and practicing engineers. The State College Chapter has been particularly fortunate in this respect. Most of the members of the faculty are members of the national society and they have coöperated to make this link connecting the theory of the classroom with the technical facts and realities of the job.

The national honorary fraternity of Alpha Sigma Sigma is composed of those "standing-out" men who have fulfilled all of its very high standards of membership. Since its founding, this grand old society has expanded very much and chapters have been established in other institutions where the material for membership is of the best. Carolina and Duke afford us with the best examples of the above mentioned institutions. Membership is attained by a campus-wide election held annually for this much-sought-after and coveted honor. The purpose of Alpha Sigma Sigma is to bring about a better understanding between these honored men and to enable them to comprehend their own peculiarities.

The Sigma Nu fraternity was founded at the Virginia Military Institute on January 1, 1869 and was originated from the Legion of Honor of that Institution. The fraternity was drawn together around James F. Hopkins and together with James M. Riley and Greenfield Quarles, the Sigma Nu fraternity was organized. The real and permanent growth of Sigma Nu started early in the second decade with the establishment of chapters at Washington and Lee and at Georgia. Supported by its strength in western territory, Sigma Nu spread throughout the central states with great rapidity and with marked success. A publication called the *Delta of Sigma Nu* was started by the first three active chapters, the name being suggested by the trio of chapters.

Kappa Sigma was founded at the University of Virginia, December 10, 1869, by William Grigsby McCormick, George Miles Arnold, Edmund Law Rogers, Frank Courtney Nicodemus, and John Covert Boyd. This establishment revived a noble order that had practically disappeared from the continent of Europe. The original Kappa Sigma was of Italian origin, having been founded at the University of Bologna in 1399. The Kappa Sigma has expanded until it has now reached the place of the second largest Fraternity on the North American continent. The fraternity publishes a secret quarterly, *The Star and Crescent*. In 1885 the fraternity began the publication of a bi-monthly but it was changed in 1890 to a monthly magazine and was renamed the *Caduceus*.

The Kappa Alpha fraternity was founded at Washington and Lee University, then Washington College, on December 21, 1865. It was founded by James Wood, Rev. William Scott, Stanhope Scott, and William Walsh, but it was due mainly to the work of one of its first members, S. Z. Ammen, that the fraternity was organized and received a motto and the ritual is due chiefly to the labors of Ammen. The Kappa Alpha fraternity considers Ammen as their founder because of the extent of his work for the fraternity. The fraternity was established with the idea of creating an organization to foster and maintain the ideals, manners, and customs of the Southern people. Washington and Lee under the presidency of Robert E. Lee being considered the appropriate place for the inauguration of such an organization.

On March 1, 1868, five students at the University of Virginia met in Room 31 on the West Range and from this meeting came the present fraternity of Pi Kappa Alpha. The fraternity was founded to perpetuate the friendships of these five men who had gone through the Civil War together. The disorganization of the South immediately following the war made the early career of Pi Kappa Alpha uncertain and difficult. From the first chapter at Virginia, charters were issued throughout the state and for a few years following the expansion of the fraternity was limited to the southern states, but in 1919 the convention lifted the ban and permitted charters to be granted anywhere in the United States.

Sigma Phi Epsilon was founded at Richmond College, Richmond, Virginia, in November, 1901. The basis of the organization being a society called The Saturday Night Club. During the first two years of its existence the parent chapter met with much opposition even to attacks on its meeting rooms. At the time of its inception few, if any, ministerial students were made fraternity men at Richmond. Sigma Phi Epsilon admitted several to membership. This departure coupled with the fact that the badge was heartshaped caused them to be called the "Sacred Hearts." North Carolina State's chapter was the thirteenth chapter, and has grown since its establishment in 1905 into one of the largest nationals. The *Journal* which appears quarterly, is the official magazine of Sigma Phi Epsilon, and contains news and asperation of active chapters.

Delta Sigma Phi was founded at the College of New York on December 10, 1899. Membership is confined to men of the Caucasian race, whose ideals and beliefs are those of modern Christian civilization. Rho chapter was installed at North Carolina State College in 1915. It was the outgrowth of an organization, Gamma Alpha Nu, called the "gang" that this chapter grew. The fraternity observes a strict expansion policy. Petitioners must meet chapter and scholarship requirements. Scholarship is encouraged by both local and national organizations.

In 1908, two societies united and formed the Alpha Gamma Rho fraternity. Prior to 1917, several chapters were conducted on the basis of a professional agriculture fraternity, electing members of social fraternities, and permitting their own members to join other such organizations. After 1917, legislation was passed barring dual membership. Since that time, the fraternity has been classed with other social fraternities. The purpose of the present organization is the development of the best social, mental, moral, and physical qualities of each of its members and pledges. A quarterly periodical called *The Sickle and Sheaf* was started in 1910.

Pi Kappa Phi was founded at the College of Charleston, in South Carolina, December 10, 1904 by three of its students. It was a concrete and permanent result of the friendship of these three men. It was incorporated in 1907, with the purpose of becoming a nationwide society. From the time of its founding its growth has been steady and consistent. Its record is unique in that it is the only national fraternity to be founded in South Carolina and that it has thrived despite the effects of the antifraternity legislation which has persisted there since 1897. The growth of the fraternity has been more pronounced in the South although it has never been confined there by policy.

The Sigma Pi fraternity was founded in 1897 at the University of Vincennes at Vincennes, Indiana. It first went under the name of Tau Phi Delta but ten years later the name was changed to Sigma Pi. It has the distinction of being the second oldest national fraternity that has originated west of the Ohio. For ten years, Sigma Pi was the sole men's Greekletter fraternity at the University of Vincennes and it was kept alive throughout this period by the support of the faculty and one of its founders. The purpose of the founders was, "to organize the most worthy activities, social, athletic, scholarly, and to set forth a high standard of manliness and college loyalty." The publication of the fraternity is *The Emerald of Sigma Pi*.

Phi Kappa Tau was founded in 1906 at Miami University. The original organization was a non-Greek letter club, formed to break up the fraternity unions that controlled campus elections. The national organization was formed through the friendly relationship existing between the original club and one of a similar nature at Ohio University. Later three additional societies were admitted to membership. For a number of years it was attempted to maintain the society without the Greek Letters, but in 1916 the mother chapter decided to adopt them. This decision was approved by the other five chapters, and the society became known as Phi Kappa Tau.

The Cosmopolitan Law Club of Boston University founded the Lambda Chi Alpha fraternity in 1905. Although the fraternity was founded in 1905, the first meeting was not held until the second of November, 1909 and so the fraternity has accepted this later date as the date of its foundation. This meeting was held to re-organize the club and to change it into a Greek letter fraternity. At this meeting, there was a split up in the organization and three of the members immediately formed the organization which today bears the name of Lambda Chi Alpha. For the first few years only members of the Law School were members. When the club was re-organized into the present fraternity, no real attempts were made to establish any new chapters until the spring of 1912.

Theta Kappa Nu was founded June 9, 1924, by the amalgamation of eleven old established locals at a meeting held in Springfield, Missouri. In 1921, Professor W. S. Anderson, then a member of the faculty of Rollins College, Florida, felt that there was a need of a new national fraternity that would be favorable to large universities and small colleges, it wasn't until 1924 that his idea began to mature. At this time he got in touch with Otho R. McAtee of Springfield, Missouri. Together with Mr. McAtee, and a number of locals from numerous colleges and universities, Mr. Anderson called the Missouri conference. These men were given full power in representing their locals, and every action of the convention was carried unanimous. The fraternity undertook an immediate program of expansion and has increased steadily.

After the re-organization of Oglethorpe University in 1916, a group of young men of the Alpha Lambda Club founded a fraternity and called it Alpha Lambda Tau. The fraternity soon became a power on the campus and many of the most influential students of the school were numbered among its members. Their main purpose was to promote good fellowship and trust on the campus of Oglethorpe. Soon after their foundation, they decided that they wanted a national organization and were incorporated under the laws of the state of Georgia. The fraternity publishes a monthly magazine under the name of *Alpha Lambda Tau* and a quarterly called the *Rose Leaf*. Their expansion has been slow, but most profiting. The spread has been mostly in the Southeast, but has now gradually worked into all sections of the country.

Alpha Kappa Pi, organized January 1, 1921, at the Newark College of Engineering, Newark, New Jersey, remained a local society until March 23, 1926, when the Beta chapter was placed at Wagner College, Staten Island. Prior to the establishment of the Beta Chapter, a committee of men from Newark and Wagner Colleges had worked out a complete plan for nationalization, and on the date mentioned, all former actions were ratified and a formal announcement of the future policy was made. The first convention was held in New York City, May 22, 1926, with Wilson Hull, first grand president, presiding. When there were only two chapters, *The Alpha*, fraternity magazine, was published at Menasha, Wisconsin. Since that time the magazine has realized a steady and healthy increase in growth; likewise, it is read with keen attention by members.

HEARTLY "HUNK" ANDERSON
Head Coach

Hot, sweltering days prevailed during the first two weeks of practice, nevertheless, the work went on. Coach Hearty "Hunk" Anderson had gaping holes to fill in the line—holes left by the graduation of Farrar, Worth, and the brilliant Steve Sabol. The rest of the team was all tried material. Captain Cara and Berry were on the flanks. Fry and Bugg were the tackles, both big and experienced. Regdon, Piliseno, and Kirschner alternated at the guard posts. Louie Mark and Odell Smothers were fighting for the honor of holding down the pivot position. The backfield was composed of veterans: Gadd, Bardes, Entwhistle, and Ryneska. The reserve material was both plentiful and experienced. Thus the opening game found the students and supporters of State with high hopes for a successful season.

Coach Anderson presented the Wolfpack Parade in four quarters and even with the mixing of the second, third, and fourth stringers the Tech goal was only threatened once by Elon and that lone threat was easily turned back by the staunch State line. The only scores of the game were two touchdown runs by Eddie Berlinski. The first came in the second quarter on a seven-yard end run and the last came at the beginning of the second half as the result of a 51-yard gallop through center. Captain Cara, Ryneska, and Entwhistle played brilliant ball to pace the Techs.

A scrappy and inspired Davidson team gave the Wolfpack their first setback of the season and shattered all hopes for an undefeated State year. The first half of the game ended with no scoring. Late in the third quarter, the Wildcats pushed over from the Tech four-yard line for the only touchdown of the game. With two minutes of the game remaining, Captain Cara broke through and threw Teeny Lafferty, ace Davidson back, for a safety and State's only points. The Techs were sluggish and appeared to be over-confident.

First Row: REGDON, BERLINSKI, ACAI, ESPEY, CARA, RYNESKA, ENTWHISTLE, GADD, KIRSCHNER, BUGG.
Second Row: KUSMA, DAVIS, ISAACS, KNOVICH, REYNOLDS, MATHENY, BERRY, FRY, MASS, THOMPSON.
Third Row: ABRAHAMS, LAWLER, KUBISA, PAVLOSKY, HAYDEN, SANDFOSS, THOMPSON, GOODE, EDWARDS, TURLO.
Fourth Row: MURPHY, HELMS, KAREVIA, PILISENO, BROWNIE, MARKS, MAHONEY, SCHWERDT, MASTROLIA.

The losing jinx continued to dog the trail of the Wolfpack and the Wake Forest Deacons handed them their second beating of the year by the score of 9 to 0. State, expecting an easy workout took the field with a rather off-hand attitude. Ten thousand puzzled people wondered and waited for the vaunted Tech powerhouse that never got started. But the Deacons went to work early and Walt Kitchin kicked a beautiful field goal in the first half and Hobo Daniel intercepted a pass and ran it back for a touchdown to complete the scoring for the day. Joe Ryneska's steady line plunging was the only bright spot in an otherwise drab day for the Wolfpack.

State dropped its third straight game of the season, when a smart Manhattan team turned them back 13 to 6. The first half was scoreless with neither team showing much in the way of an attack. The Wolves scored first in the third quarter as Ryneska rammed his way over for the touchdown. The Jaspers came back strong and scored twice in quick succession. Wheeler intercepted a pass and ran 43 yards for the first score and Savage led a determined drive that ended in the second touchdown.

After waiting for three weeks, the State team presented a victory-hungry student body with a smashing win over Furman. The game was

RYNESKA COMES THROUGH BEHIND EXCELLENT BLOCKING

never in doubt as the Wolves took the opening kick-off and marched 80 yards for the touchdown. "Jumping Joe" Ryneska went over tackle for the first score. In the second period, a long pass from Robinson to Bardes accounted for touchdown number two. Ryneska contributed another touchdown to the score in the third quarter after running 61 yards. The final score came in the fourth period with Pavlosky pounding center for the tally after Edwards had recovered a fumble for the Techs. Regdon kicked two extra points and Helms added the other.

The Wolfpack continued its victory march with a 13 to 0 win over V. P. I. in the Homecoming Game. The Gobblers halted the first two drives of the Wolves, but the third march carried 62 yards and ended only when Ryneska plunged over the pay-off stripe to give the Techs a lead that was never threatened. In the third period, Davis flipped a long pass to Bardes for the second and last score. Regdon's kick was good for the extra point. V. P. I. was unable to pierce the tight defense of the State team at any stage of the game and finished with a total gain of only five yards for the entire game.

From hope to frenzied joy, then into a daze and despair, then back to Raleigh—the Carolina game in a sentence. The game, which Carolina was generally expected to win in a walk-away, was a rough and bitter struggle from the start. The entire first half was all State's and not only did the Wolfpack forward wall smother the Tar Heel backs, but Ryneska slashed over the center for a touchdown to give the Techs the lead at the end of the half. Carolina was not to be denied, however, and they came back strong to counter three times in the last half to sew up the game. Hutchins, Little,

THE CAROLINA GAME

DAVIS
Back

Watson, and Bershak were the big guns for the Tar Heels. Captain Cara and Ryneska led the State team in a losing fight against a team that had superior reserves.

The Wolfpack's second invasion into the East resulted in another loss for the Pack. Boston College was the victor and the score was 7 to 3. Charlie Gadd kicked a beautiful 25-yard field goal to put the State team in the lead until the last quarter. Berlinski returned a punt 60 yards going deep into Boston territory, and a pass from Joe Schwerdt to Gadd carried the ball again into Boston territory, but both threats were halted by the Eagles. A last-quarter pass from Jivilikian to Ferdenzi gave the Eagles their touchdown and their victory margin.

THE COACHES PEPPING THE WOLVES UP

WAITING FOR A CHANCE

The Catholic University Cardinals celebrated their Homecoming Day by eking out a 7 to 6 victory over the North Carolina State Wolfpack. Vidnovich went over for Catholic in the second period. Foley's kick was good and proved to be the margin of victory. The State passes failed to click and the running attack bogged down until late in the final period when Hayden passed to Berry for the lone score for the Techs. In the waning moments of the game, the Wolves were pounding at the Catholic goal but they were unable to reach the pay dirt.

The State Wolfpack closed a disheartening season by dropping the final game to the Duke Blue Devils by the score of 13 to 0. For three periods, the Wolves fought the Devils to a standstill in a marvelous exhibition of superb line play. In the fourth quarter, Captain Ace Parker scored twice for the Blue Devils. The State team went down fighting but not disgraced. The Duke team with Parker, yes assuredly with Parker—had been a little bit superior. As far as State supporters were concerned, it was too much Parker and too cold.

At the end of the season, Joe Ryneska was presented a trophy for being voted the most valuable player for the year.

VARSITY BASKETBALL

1936

The hopes for the 1937 State College basketball team rose to a high peak in the Southern Conference tournament here in Raleigh and their hopes were only blasted when their conquerors, Washington and Lee, swept on to the finals and the championship. It was this same bunch of Washington and Lee veterans that had tripped the Red Terrors in an over-time period during the regular season. Nevertheless, Coach Sermon's charges finished their season with a marked supremacy on their 22-game schedule and came out on top in 14 of the tilts. With only two regulars and a few reserves returning from last year's crack team, the hopes were running low for the prospects for a winning team seemed none too bright. However, before the middle of the season had been reached, Dr. Sermon, who rightly deserves the title of the "Rockne of Southern basketball," had taken this group of inexperienced players and had molded a scrappy and hard-working team. Captain Neil Dalrymple and John Allen, a former reserve, were the guards, Bill Mann, another reserve, and little P. G. Hill, a sophomore sensation, held down the forward posts, while Connie Mac Berry, last year's high point man in the Southern Conference, held down the pivot position. It was this same brilliant Berry

that established a new scoring record of 270 points for the Southern Conference before the season had closed.

The new season was launched with an auspicious start as the Red Terrors took the boys from William and Mary into camp and sent them home reeling from a 49-21 loss. It was the first Southern Conference victory for State and sent the Techs off on a flying start in the Conference race. This W. and M. victory was the start of a winning streak that lasted for 4 games. It was not until the Duquesne game

WHITLARK, *Manager*

SERMON, *Coach*

that the Red Terrors tasted defeat. But—until then the Techs humbled three more Southern Conference opponents and firmly established themselves in the fight for the leadership of the Conference. The South Carolina Gamecocks fell before the fighting Red Terrors and although the Gamecocks had more experience, the scrappy Techs managed to win by a four-point margin. The next victim of the Statemen was Clemson who fell before an avalanche of baskets by the deadly Berry, Captain Dalrymple, and Bill Mann. The score of 54-29 left no doubt as to which was the better team. Although he did not score much, little P. G. Hill, played a smart, heads-up floor game and his accurate passing paved the way for many of the goals made by the "Big Three" of the State scorers. A game but completely outclassed Wake Forest quint was struck off the 1937 race as the fighting Red Terrors piled up a 49-31 victory. Again the entire team worked well as a unit and the scoring was paced by Mac Berry, Dalrymple, Mann, and Hill. This game also offered Coach Sermon a chance to use some of his reserves.

seeing. The Dukes rallied near the end of the first half and held a three-point lead at the intermission. The play was rather even until midway of the last half when the superior reserve strength of the Dukes began to show and it was not until then that Doc Sermon's scrapping Terrors were subdued. The game was marked by numerous fouls by both teams. Berry, lanky center for State, led the scorers for the night.

The State basketeers bounced back into the win column by handing the Davidson Wildcats a 41-35 drubbing. The flashy Berry counted 13 points and was closely followed by Mann and Captain Dalrymple with nine points each. This was another Conference win for the victory-seeking Red Terrors.

State's basketball team seemed to be headed for the Old North State championship. But—the White Phantoms, State's jinx from Chapel Hill, journeyed over and handed the Techs their first Conference and Big Five setback. The margin of the North Carolina victory was six points. State led by ten points at half time, but they collapsed in the second half when Mac

HILL

ALLEN

MANN

BERRY

The Techs dropped their first game of the year when they ran into Duquesne, the city champs of Pittsburgh, who not only presented the tallest team seen on the courts here, but also had one of the smoothest passing quints that this sports writer has ever had the pleasure of

Berry, their high-scoring center, was disqualified and removed from the game.

Hitting their stride again after faltering in the Carolina game, State's Red Terrors whipped a favored Duke team by the score of 30-27. The Techs got off to an early lead and although the

score was knotted three times during the game they were never headed in their march to another victory. Captain Dalrymple played a brilliant floor game and Berry and Mann shared the scoring honors with ten points each.

The University of Virginia sent their basket-ers into the Old North State and received an overwhelming defeat at the hands of the Techs by the tune of 40-17. Coach Sermon used every available man on the squad and although his ace center, Mac Berry, did not play the entire game he led the scorers with 19 points. The team from the University of Maryland were the next to suffer defeat at the hands of the Red Terrors. The game was a thriller from beginning to end and the State quint was only able to win after playing an extra period. Again it was the lanky Berry that led the play for State.

Carolina again encountered the Red and White courtmen, this time on their own court, but it was with the same result, a victory for Carolina, this time by a three-point margin. The game was merely a repetition of the first one, with the Techs leading at the end of the first half and then faltering in the last half to be nosed out in a well-played game.

time period that proved to be just an addition to an already action-crammed, thrilling game. Mac Berry completely outplayed Bob Spessard, elongated General pivot man, who was All-Southern Conference center for the past year. Another win was chalked up by the Terrors when they swamped the Cadets of V. M. I., 49-32. Leaving the grand state of Virginia, the State basketeers swung down through South Carolina. Their first game found them pitted against the South Carolina Gamecocks who tripped the favored Techmen, 30-23. This defeat seemed to stimulate the charges of Coach Sermon, for they bounced back and whipped Clemson, 41-40 in a thrilling over-time game.

The Techs returned to their home court and celebrated their return by trouncing Davidson to the tune of 51-34. They next entertained the Gobblers from V. P. I. and handed them a 38-29 licking. The Deacons from Wake Forest took the Terrors in their own lair and catching the Techs on an off night, whipped them 41-33. Duke nipped the Statemen and nosed them out by three points. The Techs took a short two-game trip and broke even. Maryland handed them a 41-35 beating, even though Berry did

HAMILTON

JONES

RABB

HONEYCUTT

The Red Terrors took off on a five-game trip and when they returned, they had bagged three victories and had dropped two decisions. They also had to work over-time in two of their five matches. The trip started with a win of 36-24 over V. P. I. This was followed by a loss to the future Southern Conference champs, Washington and Lee, by the score of 27-26 in an over-

score 19 points. But William and Mary fell before an inspired attack and were hopelessly crushed 58-20. Berry was again high point man.

Coach Sermon's boys won easily over Maryland in the first round of the tourney but Washington and Lee put them out in the semi-finals by nosing them out by four points.

VARSITY BASEBALL, 1936

Coach "Chick" Doak opened the 1936 baseball season with only six lettermen, but from twenty-seven candidates, he finally molded a team that finally finished the year with a record of eleven victories against eight losses. The Techs also managed to capture third place in the Big Five race. Coach Doak was beset with various troubles from the beginning of the season and continued to dog the Statemen until the end of the year. Lefty Freeman, one of the best pitchers of the pre-

WALSH, Manager

GADD

SCALES

MAHONEY

ceding year, showed up at practice with a sore arm and was not able to play during the entire year. Norwood, State number one hitter and outfielder broke his ankle during pre-season practice and was lost to the team until the tail end of the year.

Due to bad weather and sickness, the Doakmen were forced to start the season with only a little practice, most of this being indoor practice, and as a result they got off to a bad start by dropping their first two contests. As they continued their schedule the Techs showed a great deal of improvement and before the season was over they had some close victories to show for their long and untiring efforts.

After their first two defeats, the Doakmen took their annual Easter Monday game with the Demon Deacons of Wake Forest. It was the first Easter Monday victory for the Techs in three years. The State team gained their victory in the last half of the ninth inning when Captain D. C. Williams hit a home run to break a 7-7 tie and win the ball game. There was not a dull moment in the entire game which offered the fans plenty of good pitching

and hitting, and quite a few brilliant fielding plays.

From Easter Monday until the second week in April, the Techs played in and out ball. But on the 10th of April they seemed to hit their stride and from then on they played a better brand of ball. During this period of indifferent playing, the Techs dropped two games to the Duke Blue Devils. It was these early season losses that helped to put the Techs just out of reach of the top spot in the Big Five race. It was on the 10th of April when the State

boys snapped out of their streak of bad playing and whipped a highly favored Rutgers team by the score of 4-2.

Following the Rutgers game, came a game with the Tar Heels from the University of North Carolina. It was a real battle from the start to the finish and when the smoke had cleared away, the Doakmen were on the top by the score of 3-1. Stuart Flythe, ace of the State pitching corps, turned in a beautiful exhibition of pitching in allowing only five hits. Walter Rabb, rookie shortstop, turned in the fielding gems of the day and Jake Ma-

"CHICK" DOAK, Coach

honey, another rookie, led the Techs at the plate.

After the Carolina game, the State team dropped their third game of the current season to the Duke Blue Devils. The score was tied until the end of the eighth inning when the Techs were called for stalling, thereby forfeiting the game to Duke. This seemed to upset Coach "Chick" Doak's charges, for they dropped the next game to the grey-clad Wildcats of Davidson. The final score was 7-4 and it was only through the heavy hitting of Teeny Lafferty, Davidson football star, that the Wildcats were able to edge out the win over the Red and White ball players. A few days later the tables were turned on the Wildcats and behind the masterful seven-hit pitching of Mason Bugg, the Techs were able to subdue the Davidson boys to the tune of 5-3. Jake Mahoney, rookie catcher, was the big gun in the attack of the State team.

The jinx that the Duke Blue Devils held over the Techs at the beginning of the year was broken, as the scrappy State ball players took the measure of the Big Five leaders by a 6-3 score. Stuart Flythe, lanky ace of the

State hurling staff, was in rare form and limited the heavy hitting Blue Devils to six hits. At no stage of the game were the Duke players able to reach the speedy Flythe with any degree of success. Captain Williams, Mason Bugg, and Jake Mahoney led a concentrated attack on two Blue Devil hurlers to clinch the game for State. Walter Rabb, sensational shortstop, contributed the fielding gem of the day when he raced far over into foul territory and made a diving, one-handed catch of a hard-hit ball and retired the side at a crucial moment of the game.

The North Carolina State baseball team formerly closed their 1936 season by dropping a close and extremely hard-fought game to the Demon Deacons from Wake Forest. The final score was 8-5 but it was not until the last State player was put out, that the final outcome was sure of. Mason Bugg twirled the last game and with a little better luck would have easily come out on the big end of the score.

At the close of the season, the team elected Mason Bugg, pitcher and outfielder, to lead the team in 1937.

Front Row: FARRAR, DRESWICK, BUGG, WILLIAMS, RABB, MAHONEY, STATON, TODD, DALRYMPLE; Second Row: SHELL, GRIFFIN, BLOUNT, HART, FLYTHE, DAVIDSON, BERRY, WYNN, COACH DOAK, DENTON, Manager; Back Row: BERLINSKI, JONES, KEATING, MANN, BARB, HINES, SCALES.

BOXING
and
WRESTLING

BOXING

The North Carolina State ringmen opened the season with five gaping holes to fill in the line-up. Captain Alex Regdon was unable to fight in the first match because of an injury and he was forced to leave the team in mid-season because of heavy scholastic duties. With the exception of Penland, in the 135-lb. class, and Sorrell, in the 145-lb. class, the entire team was changed from time to time in experimenting with new and untried scrappers. Even with these difficulties, the Techs finished the season with three victories and three losses.

State opened their season by dropping their first match of the year to the ringmen of Catholic University. The score of 7-1 does not indicate how closely all of the bouts were contested. With a line-up studied with inexperienced men, the State leather pushers were able to rack up only one victory and that was the clean-cut win of Glenn Penland in the 135-lb. class. Not much can be said of the match as the Techs had just returned from the Christmas holidays and were in no shape to meet the more experienced Cardinal pugs.

The first victory of the year was tasted by the Tech leather slingers before one of the largest home crowds that has ever seen an intercollegiate boxing match at State College. The victim was South Carolina and the score was 6-2. Penland continued his winning streak and with Miller, Caraway, and Pavalosky punching their way to victories, the boys from South Carolina were clearly outclassed. Captain Regdon won by a default and Rudisill and Leet got draws to complete the scoring for the match.

The State fighters hung up their second victory of the season, by whipping a scrappy team of boxers from Clemson. The final score was 5-3 after an exhibition of close scraps that made ring history at Frank Thompson Gym. The Clemson boys won the first two bouts to take an early lead. Both of these fights were close and filled with action and only whetted the spectators' taste for the fights that were to come. Glenn Penland scored the first win by clearly outpointing Dukes. The terrific-hitting Russ Sorrell knotted the score by slugging his way to a victory over Bob Jones. Clemson again forged to the front when Dorne eked out a win over Caraway. Miller evened the score by taking a decision. Captain Regdon reached his peak as he decisively pounded out a victory over Tom McConnell, the Clemson captain. Pavalosky took a decision in the last fight of the evening.

The growing power and hard training paid dividends to the State pugilistic-inclined boys in the form of a 5½ to 2½ victory over the scrappers from V. P. I. The points were accumulated through two decisions, two knockouts, one a technical knockout, and

HELMS

MILLER

DEL PICO

PEELE JOHNSON
Coach

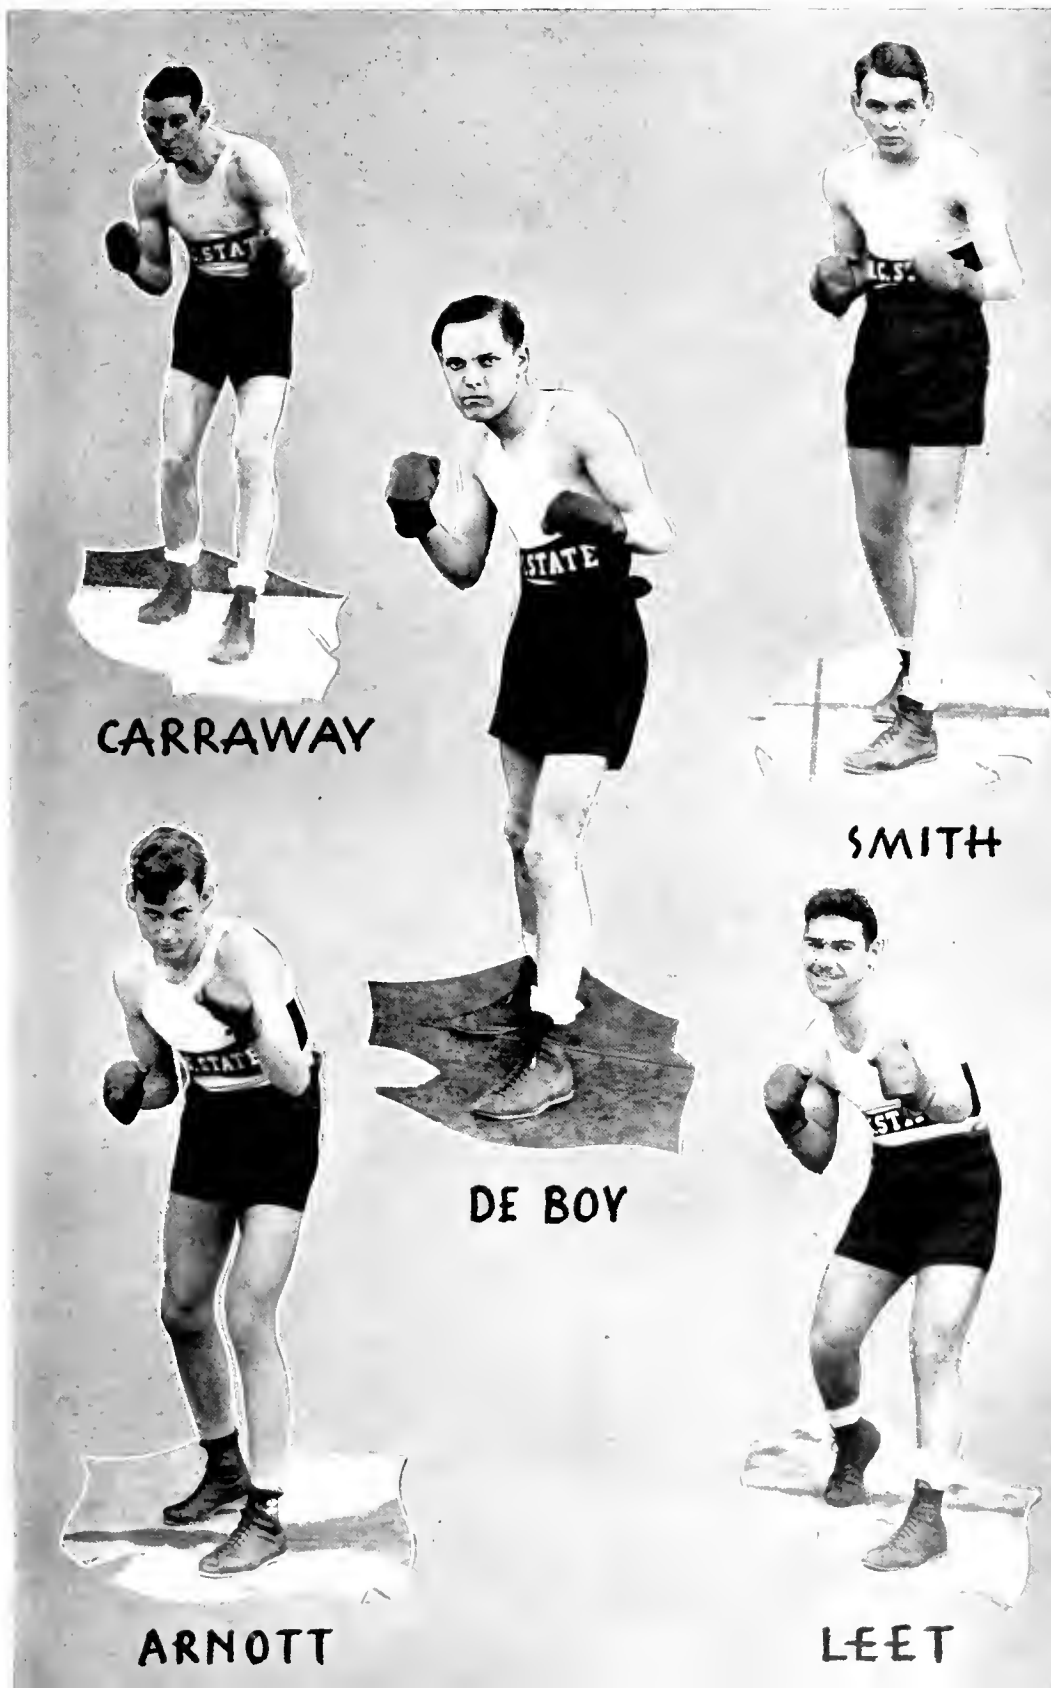

the three draws. Penland and DeBoy garnered the decisions. Coble, Leet, and Miller fought their opponents to draws. Pavalosky won by a default. Russell Sorrell, State's 145-lb. star, won the feature bout of the evening. Sorrell gave Bishop a sound beating until the fight was stopped in the third round by the referee.

The next fight for the State scrappers was the Carolina match and with it came the Techs' second defeat of the year. The final score was 5-3 in favor of the boys from Chapel Hill and even then they were mighty lucky to be on the big end of the score. State's three points came by a clean-cut decision of Glenn Penland over Bass and on a pair of draws by Arnott in the 175-lb. class and E. V. Helms in the unlimited class. Carolina failed to furnish any kind of opposition in the 145-lb. class for Russ Sorrell. State's smooth fighter, who was rated as one of the best fighters in the entire Southern Conference.

The final match of the season ended with the Tech scrappers dropping their final and third match of the season. E. V. Helms, in the unlimited class, was the only winner for State, while Biddle Caraway, in the 155-lb. class, fought to a draw with Vincent. Glenn Penland dropped his only dual match of the year when Captain Kneipp shaded him in a close decision. Although he lost by a decision, Russell Sorrell, State's ace 145-lb. boxer, became the only fighter this year to go the entire route with Farrar, Duke's National Intercollegiate champion.

State sent four scrappers to the Southern Conference Meet held at College Park, Maryland. Although none of the four were successful in winning a title, two of the fighters, Sorrell and Penland, were not eliminated until they met the champion of their respective division. At a meeting held at the close of the year, the Tech fighters selected Russell Sorrell, star 145-lb. boxer, to lead them in the ring wars on the coming year. The prospects for next year are exceedingly bright as only two men were lost from this year's squad.

WRESTLING

The prospects for a successful season were exceedingly bright as there were veterans returning for every division. However, throughout the season sickness and injury hampered the team in nearly every match of the stiff seven-meet schedule.

The "Flying Cadets" of V. M. I. proved to be a bit too strong in the season's opener and State's wrestlers dropped their first meet 23-11. The Cadets were runners-up in the Southern Conference tourney last year and their experience was just a little too much for the Techs. Both of State's co-captains, Bell and Troxler, won time advantages. In the feature match of the evening, Dick Thompson threw Franz, V. M. I. star, in the 175-lb. division.

The Tech grapplers were still unable to shake their losing jinx and were defeated by "The World Beaters" from Appalachian College by a 17½ to 10½ score. Dick Thompson and Farthing fought through an extra period to a draw. Once again, Co-captains Bell and Troxler defeated their opponents by time advantages. Red Shimer, wrestling his first bout of the year, easily defeated Norris.

CHESLOCK

HINSHAW

Coach Matthewson's grunt and groan boys finally turned in a win after waiting for two meets for the victory. The final score was 21-11 and at no time during the match did the V. P. I. wrestlers threaten the lead of the State boys. Co-captain Billy Bell, Red Shimer, and Dick Thompson turned in falls to turn the tide in favor of the Techs. Co-captain Troxler and Bridges completed the scoring for State by turning in time advantages. This was the Techs' first Southern Conference victory.

The State matmen ran into the powerful Washington and Lee Southern Conference Champions and came out on the short end of a 17-9 decision. The grapplers from Lexington displayed the same brand of wrestling that won them the title

MATTHEWSON, Coach

BRIDGES

HEIN

SHIMER

MCLAUGHLIN

last year, and although the State matmen scrapped them every minute of the matches, the Generals were just a little too polished for the Raleigh boys. The Techs took three decisions while the Generals took one fall and four time advantages. Co-captain Bell put State in the lead with a time advantage. However, the Generals took the next four matches before Co-captain Troxler racked up the Techs' second win. Dick Thompson turned in the third and last victory for the State grapplers. Although State dropped the meet, Co-captains Bell and Troxler, and Dick Thompson remained in the undefeated class.

The Techs scored their second win of the year by beating Duke, 29-3, and at the same time took a step nearer the Big Five Championship. Co-captain Troxler and McLaughlin won their matches by falls, Bell, Hein, and Shimer won time advantages. Duke forfeited the 175-lb. division and the Heavyweight division to the Techs.

State's wrestling team was knocked out of the chance for an undefeated campaign in the Big Five when they dropped a close match to the Davidson Wildcats, 16-12. State was leading until the final match, when Coon was disqualified and thus allowing Davidson to forge ahead and win the meet. Co-

TROXLER
COON

THOMPSON

COMOLLI, Manager

captains Bell and Troxler again led with time advantages and with the help of Shimer and Cheslock, they tallied all of the points scored by the Techs.

The State College grapplers fought their way into a three-way tie for the Big Five championship by downing the University of North Carolina's Tar Heels by the score of 23-3. The Techs made a clean sweep of the first seven matches and lost only the heavyweight bout. All of the decisions came on time advantages.

At the close of the season, Red Shimer, brilliant 145-lb. star, was elected captain. Coach Matthewson deserves much credit in his first year as coach of the Techs.

GOLF

North Carolina State College had the misfortune to lose some of her outstanding golfers at the beginning of the golf season and even though, State never had her full strength on the links, the season was far from being an unsuccessful one. After much shifting around, Major Ben Venable selected Captain Willie Dusty, Bill Baerthlein, Key Scales, Bruce Cauthen, and Marion Palmer as his varsity outfit.

The team opened the year by completely outclassing a veteran team of golfers from the Carolina Country Club. State copped the first match and was never headed. Captain Dusty, Baerthlein, and Key Scales played steady golf to lead the attack on the Club's outfit. The Duke team, who later became Big Five champions, downed the Techs in their meet. The Blue Devils had just a little too much experience and power for the State players. The linksmen dropped their second match of the year, when they ran into a well-balanced team of golfers from the University of South Carolina. Although Captain Dusty, Baerthlein, and Scales played brilliant ball, the Gamecock crew eked out a 10-8 win over the charges of Major Ben Venable.

Following this inauspicious opening, the Tech niblick swingers produced a two-match winning streak. The first victim was Catawba and the outcome was never in doubt as the State linksmen were showing their superiority from the first match throughout, until the last. The Demon Deacons from Wake Forest were the next victims to fall before the onslaught of the Tech golfers. Captain Dusty, Key Scales, and Bill Baerthlein led the attack.

After this splurge of victories, came two dismal defeats to the Techs. The first of these beatings was administered by the smooth-playing team from Davidson. State's final defeat came at the hands of the Duke Blue Devils. The Tech boys just could not cope with the superior golfing ability of the Duke players. The regular matches of the season ended with the State golfers earning a tie with the strong R. G. A. team.

The season for the State golfers ended with the annual playing of the Big Five Golf championship. The Techs placed fourth. At the close of the year, Key Scales was elected captain for next year.

MAJOR VENABLE, *Coach*

TENNIS

The prospects of an all-veteran tennis team were cut down by the loss of Al Folley and Bill Peck through graduation. Inspection trips also cut down from time to time on the seniors available. However, Captain Jimmie Renn led a well-balanced team composed of Dulin, Brown, Smith, Nading, Crews, Dixon, and Findlay, through one of the most successful tennis seasons that State has had in the past few years.

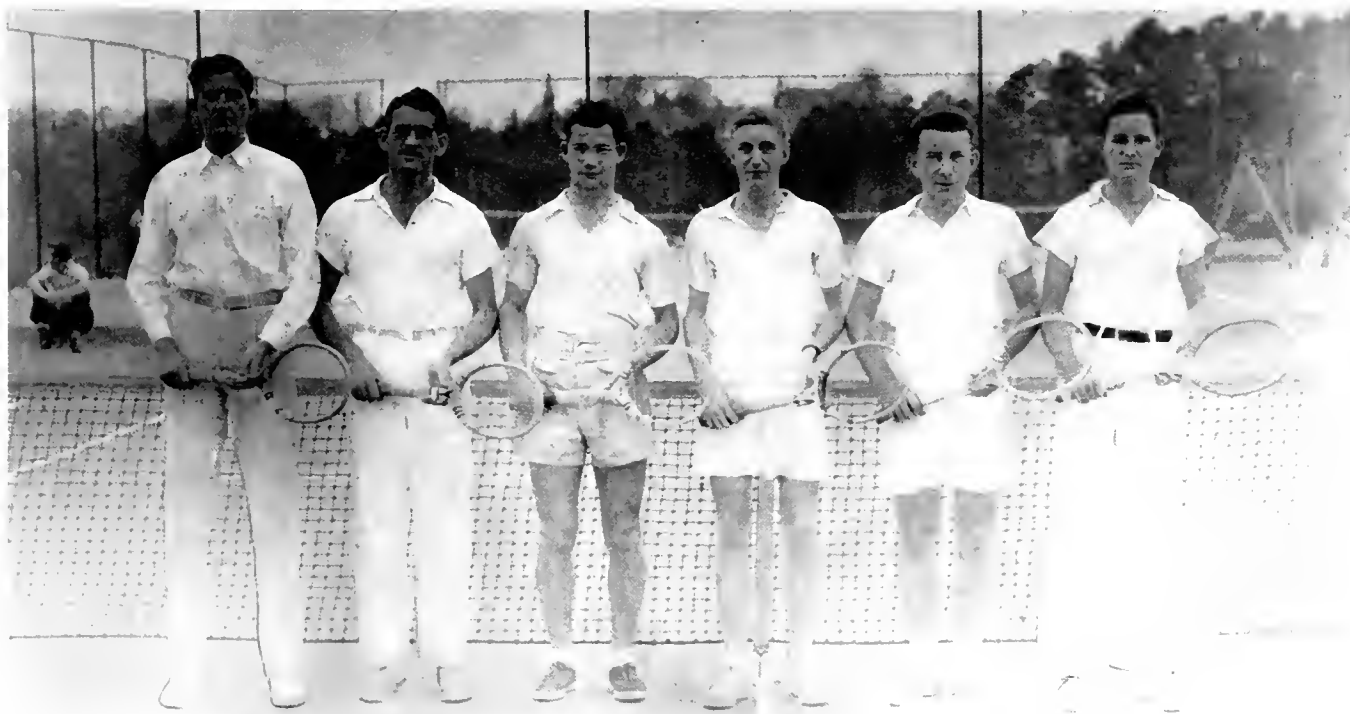

GREEN, *Coach*

The season was opened with a 9-0 victory over Wake Forest. However, in the second match of the year, Duke tripped the State netmen by a 7-2 count. The Amherst racquet wielders took time off during a trip and handed the Techs a 7-2 defeat which proved to be a repetition of the Duke matches. The losing jinx continued to dog the trail of the Techs and they dropped their next match to the Davidson netmen by the count of 6-3. The Techs seemingly could not shake their jinx and the racqueteers from Carolina dropped them for another loss. Coach Green's boys got a new deal however, and defeated William and Mary decisively to the tune of 7-2. The William and Mary victory was followed by a win for the Cadets of V. M. I. by a 8-1 count. The smooth-playing tennis team of the University of Virginia handed the Techs their only setback during their invasion of Virginia. The score of 7-2 in favor of the Virginians does not indicate the closeness of the matches.

A return home resulted in a loss to Furman, 5-4. However, a trip down into South Carolina, during which the netters met Furman and South Carolina, resulted in one victory and one loss. The season was formally closed with a clean cut victory over the Deacons from Wake Forest. The final score was 7-2 and the spectators thought that the Deacons were lucky to garner their two points.

The prospects for the coming year are particularly bright, with all but two veterans returning and with a host of freshman stars coming up to join the ranks of the varsity. Among these are Maurice Canady, high school singles champion of North Carolina, and David Satterfield, one of the ranking players of Virginia.

Left to Right: DULIN, DIXON, BROWN, RENN, SMITH, NADING.

SWIMMING

The swimmers opened their season by dropping their first meet to William and Mary by the score of 47-37. Dammann and Rettew were the only State tankmen to garner first places, Dammann taking first in the 200-yard breast stroke and Rettew placing first in the 150-yard back stroke. State took its only other first in the 300-yard medley.

A scheduled meet with Randolph-Macon was canceled. The Techs broke into the win column by swamping Virginia Poly to the tune of 56-29. The highlight of the meet was furnished by Dick Rettew when he set a new pool record in the 150-yard backstroke. Rettew clipped 2.4 seconds off the old record that was set in 1935. Dick Payne took the scoring honors for the day by taking two first places. Dammann, Rettew, Whitton, Bailey, and Grantham took one first place apiece.

State's tankmen traveled to Duke and handed the Blue Devils a 44-40 trimming and also took the State swimming title by winning the meet. Dick Payne, Jimmy Grantham, and Ross Reynolds garnered a first place apiece to keep the Techs in the running. State's other first place came in the 400-yard relay.

The Tech swimmers met the undefeated Florida team and it was not until six new pool records had been set that the State team went down to defeat by the score of 55-29. Five of the records were set by Florida and the other was set by State in the 400-yard relay.

Coach Romeo Lefort took the team to Lexington for the Southern Conference Swimming tourney and after throwing a scare into the leaders, the State team took second place, being barely nosed out of first place. Dick Payne, State aquatic ace, was one of the stars of the meet.

LEFORT, Coach

Left to Right: ROBERTSON, Manager, GRADY, WOOD, PAYNE, RETTEW, BAILEY, GRANTHAM, REYNOLDS, JOHNSON, WHITTON, GETZ, DAMMANN, DRIVER, WADSWORTH, KURFFHS, LENKOWSKY, COACH LEFORT.

INTRAMURALS

I N T R A M U R A L S

Intramurals is perhaps the most important and interesting branch of athletics that is offered to the students of North Carolina State College by the department of Physical Education. This Institute of higher learning has long since realized the importance of developing the body of the student as well as the mind. Courses are required in Gym for the first two years. Intramural is the follow-up of the required courses. The development of the body, of mind, and greatest of all, of character, is the keynote of the Intramurals. Team play fosters the many virtues of courage and self-control. Actual participation will promote interest and association. These qualities serve to create friendships that are lasting and ones that have proven themselves to be indispensable to schools of higher education.

Intramurals first appeared on the campus in 1924. The slogan was, "Athletics for all." It has had a steady and healthy growth until it has reached its present peak of actual participation by more than 2,100 students annually. The Intramural League is divided into three divisions. These divisions are: the Fraternity division with sixteen fraternities, the Dormitory division with sixteen dormitories represented, and the Independent division with six clubs. Yearly records are kept and the winners in the Fraternity and the Dormitory divisions are awarded beautiful trophies. Two new sports, soccer and wrestling, were added to the program this year and have proved to be of unusual interest.

Last year the Pi Kappa Alphas scored enough points to repeat as the grand champions of the Fraternity division for the third successive year. The Sigma Phi Epsilons and the Sigma Nus furnished them most of the competition offered by the rest of the Fraternities. This year the same Pi Kappa Alphas are leading and are being pushed for the top honors by the Delta Sigmas, Sigma Phi Epsilons, Sigma Nus, and the Kappa Sigmas.

All-Campus selections in Football, Baseball, Basketball, and Boxing was repeated for the second successive year and is one of the utmost interest to the individual participants who win the coveted awards. Each of these individuals is presented with a Medal indicative of their honor.

Last year, 1st Watagua toppled Third Seventh from the top rung of the Dormitory division and was lucky enough to capture the number one ranking and the cup. The Dormitory division is always a close race until the final sport is run off, and last year proved to be no exception. The teams of 1st Watagua were not dominated by any one particular star, but rather by the smooth brilliance of expert team play. And once again this year, it is this same smooth-working team play that has placed the name of 1st Watagua on the top rung of the Dormitory division.

Intramural boxing has come up by leaps and bounds until now it is included within the first three of the sports offered by the Intramural League. The interest and attraction created by it has lifted the boxing to a major ranking within the League. In the All-Campus Boxing Tourney, well over 700 spectators paid a minor size fee to witness the leather slingers of the Fraternities battle to a draw with the Dormitory punchers.

This year for the second time, the janitors of the social Fraternities, staged a negro Battle Royal. Again it proved to be a huge success and it has now established itself as an annual event.

It has only been through the efforts of Mr. Miller and Mr. Doak that the Intramural League has been such a success and with an ever increasing school, the Intramurals look forward to even bigger and more successful years in the future.

The following chart shows the number of points made in 1936 and up to the present in 1937. The champions in each sport is also listed.

FRESHMAN SPORTS

Back Row: COACH WILSON, BURI, LEE, GARDNER, DIYESSO, SULLIVAN, JAKOFSKY, SPIVEY, COACH WARREN, WEITLAUF.
Third Row: KOLARICK, CRAWFORD, HENDRICKS, WAGENFELD, WINDLEY, PASTEN, POPE, EAST, MCKINLEY, SABOLYK.
Second Row: ROBERTS, LOZIER, GIBBINS, WHITE, TATUM, JOHNSON, FORTUNATO, FEHLEY, VANDERSOFF.
First Row: ANDREWS, MORRIS, SMART, SEROUPE, STICKMAN, KRAYNAC, GINGRASS, RITIER, CONRAD.

FRESHMAN FOOTBALL

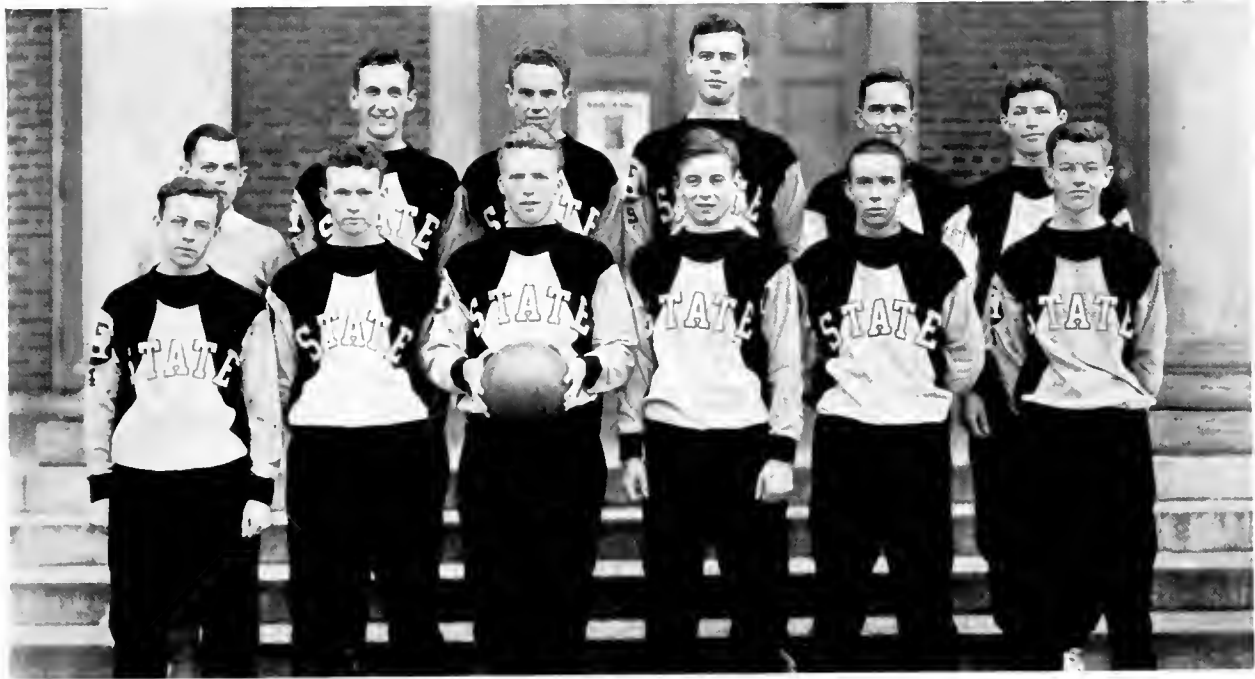

Thirty-five hundred fans including Ted Husing, the noted sports commentator, saw the Techlets open their season by beating Belmont Abbey by a three touchdown margin. The final score standing at 25-6. In this game Bob Warren, State Coach, uncovered a number of good players, ones that we expect to hear from later, not only during this season, but during the coming three years. Bob White led the scoring for the Frosh by counting 13 points and showed himself to be one of the most powerful runners on the field. Gardner, a pile driving fullback, was the spearhead of the attack. Lozier also stood out as potential fullback material. In the line the playing of Kraymak, center; Stackman and Savini, guards; Spivey, Sullivan and Crawford, was outstanding. The baby Techs scored one touchdown in the first period, two in the second and once more in the final quarter. The visitor's only score came on a long pass from Kilborn to Courtier in the fourth period.

In their second game of the season, Bob Warren came close to realizing one of his fondest dreams when his Techlets were held to a scoreless tie by the Duke Frosh in a game played in the Duke stadium. The Blue Imps should consider themselves lucky on coming out of the game with the 0-0 score as they did. Almost the entire game was played in the Duke Frosh territory and their goal line was threatened numerous times. Outstanding in the Techlets backfield was Gardner, the high-powered fullback. In the line the playing of Kraynak, Spivey, Sullivan and Crawford was very fine.

For the fourth consecutive year, the State Freshmen held their "Indian Sign" over the little Tar Babies and whipped them 41-0. In this game Warren proved himself a master of strategy when he had the State Yearlings use Carolina Varsity plays against the Chapel Hill Frosh. The Wolfcubs were complete masters of the situation during the entire afternoon, scoring in every period and making 17 first downs to Carolina's 7. In this game the Techlets gained 274 yards by rushing and 73 by the Aerial route. During the game practically every State substitute went into the game.

In the fourth game of their season, and with the usual drive and spirit characteristic of the State freshman teams, Bob Warren's Yearlings continued their uninterrupted march thru their schedule with a 33 to 0 win over Campbell College. Score came for the Techlets in the second, third and fourth periods. The outstanding touchdown march of the game was that of 70 yards in which Gardner featured, carrying the ball practically the entire route.

In their last game of the season the State Yearlings came out on the large end of a 26-0 score in their game with Wake Forest. This win made the Techlets and Duke end up tied for top honors in the Big Five circle. The State Frosh scored in every period but the second. Practically the entire game was played in Wake Forest territory. Three of the Techlets' scores came on line plays with Fehley, Lozier and McKinley carrying the ball and the last score came in a beautifully completed pass from White to Smart.

*First Row: BROWN, PAYNE, MAULTSBY, CROMARTIE, ANDREWS, FRAZIER.
Second Row: LAWRENCE, SAPP, HARRIS, TAYLOR, FELTON, CRAWFORD.*

FRESHMAN BASKETBALL

Although the Yearling basketeers did not show a great deal of promise at the opening of the season, much progress was made by the Techlets as the season progressed. From their 1937 Frosh squad will come State's court stars of the future.

The Frosh opened their season in a game with the Resettlement Club of the Raleigh Y. M. C. A. and came to the front with a 40-32 victory. Next came Wake Forest on their schedule who handed the Yearlings their first defeat of the season 46-31. Fulton making 16 points took scoring honors for the night.

In their first away-from-home game of the season, the Little Techs took the Wildkittens 34-27 in a preliminary to the varsity game. The Davidsonians led 16-14 at the half. The State Frosh in a very exciting second half came back to hand the Davidson boys a 7-point licking. Carolina's Frosh came up on the schedule as the next team to defeat the Little Techs; scoring 44 points to the Techlets 30. At the half Carolina had a 20-10 lead which the State Frosh could not overcome.

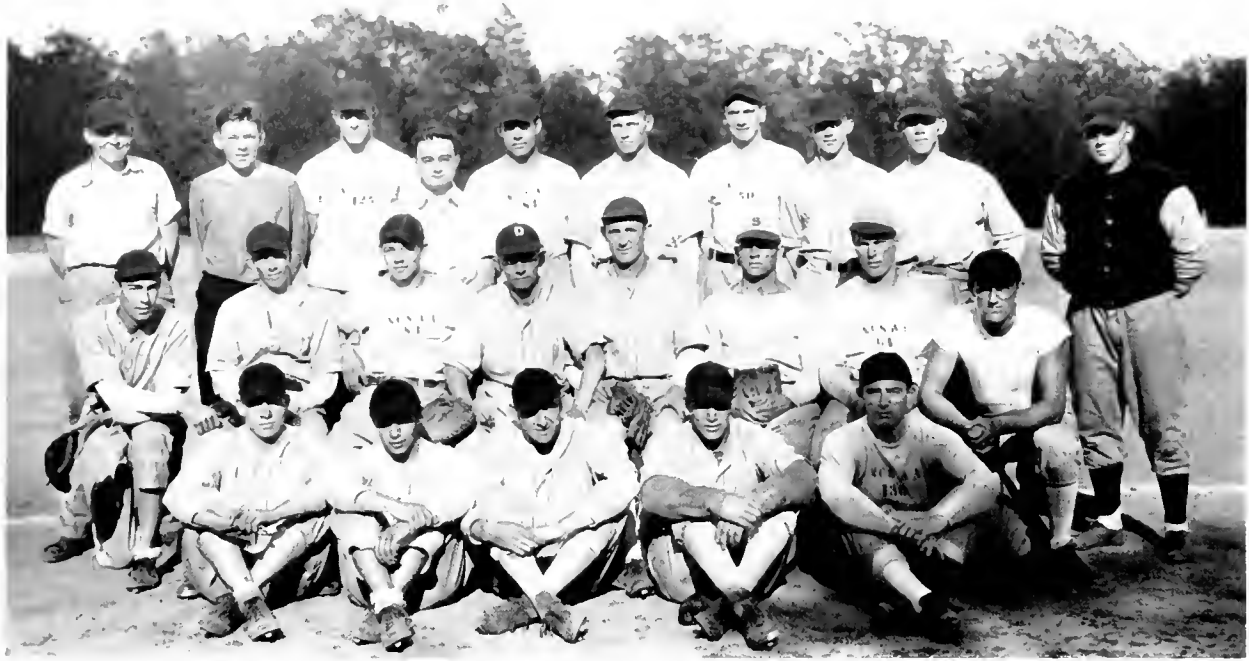

Right in line with the Carolina game came the foes from Duke, who handed the State Frosh basketeers their third defeat of the season by a mere 2 points. the contest was close all of the way with the lead changing often. State had a 17-15 lead at the half, but this was not enough since the Blue Imps came back so strong.

In the sixth game of their season, the Techlets scored an easy win over Wingate Junior College, the final whistle finding State on the big end of a 46-22 score. In their next contest with Louisburg the Techlets chalked up another in the win column by taking the Louisburg boys 47-24.

Following the rather decisive win over Wingate and Louisburg, the State Freshmen met the Carolina Frosh, who handed them their fourth reversal of the season. During the next week the Techlets hit their winning streak, taking Kannapolis Y, Davidson, LaFayette High and Wake Forest, in close but well played games.

The season was closed with the second loss to Blue Imps, being taken by the score of 28-34.

Outstanding during the season was the playing of Crawford, Cromartie, Harris and Sabolyk, around whom Coach Bob Warren built the smooth working team of Young Engineers, who brought winning margins in eight of the thirteen games played by them during the year.

Back Row: HOYLE, MITCHELL, PETERS, WOOTEN, McDONOUGH, WICKER, JONES, STEELE, HOYLE; *Second Row:* WILSON, FRANKLIN, MILLER, SKILLEN, BEAM, BEVERLY, SANDFOSS, LUCY; *First Row:* GREEN, GILL, HENDREN, HARPER, BRUINOOGUE.

FROSH BASEBALL

Opening their 1936 baseball season, the State College Freshmen dropped their game to the Duke Blue Imps, 5-2. Darwood Harper started as State pitcher but was driven from the box in the fourth inning. In their record game of the season, the frosh were forced to play two extra innings in order to defeat the Burlington High team, 3-2. This game marked the first defeat of the Burlington pitcher in 18 starts.

The Frosh next met the Tar Babies from Chapel Hill and on their own diamond handed them a 7-5 licking. Next to be turned back by Warren's men were the baby Deacons who went home with only 4 runs while State had scored 11. Next the Freshmen were handed their second defeat of the season and the second by the Blue Imps, when they were taken in Durham by the Dukesters. Game ending with State having only 5 runs to Duke's 11.

During the next week the Warrenites suffered their third defeat of the season when the Blue Imps again took them into camp, the score being 6-4. Duke winning this game when they scored 2 runs in the 9th inning.

Next the Duke Blue Imps took the State Yearlings in for the fourth time of the season, scoring an 8-2 win over the Warrenites.

Raleigh High came along to break the losing streak of the Techlets when they were defeated by them, the score being 6-3.

In their second game with Burlington High, the Techs won 3-2.

The Techlets closed their season with a 3-2 defeat at the hands of the Tar Babies.

The season's record includes—Lost 8 games; Won 4 games.

ADVERTISEMENTS

CROWN RAYON

WILL REACH NEW HIGHS DURING 1937

CROWN VISCOSE RAYON—is being consumed in greater quantities than ever before. Production facilities are being expanded.

CROWN ACETATE RAYON—this popular yarn, known as *SERACETA* in the retail markets, will be available in greater quantities to meet the increased demand.

CROWN RAYON STAPLE (FIBRO)—is meeting a continually increasing demand. New and marketable textures are being created from this new **CROWN** Staple fibre that is being spun on cotton, silk or wool systems.

Is it a fact, or have I dreamt it, that by means of electricity the world of matter has become a great nerve, vibrating thousands of miles in a breathless point of time? Rather, the round globe is a vast head, a brain, instinct with intelligence; or shall we say it is itself a thought, and no longer the substance which we dreamed it.—NATHANIEL HAWTHORNE.

THE TEMPO of progress in the electrical industry has been increasingly rapid. Constant improvement in the generation, distribution and utilization of electricity has marked the swift passing of the years. Utility engineers and appliance manufacturers have brought about vast improvements in the familiar applications of electricity in the home and industry. New and ingenious applications, in constant development, serve to widen its field of usefulness. Today, electricity, long accepted as the ideal servant, is bringing new economies in time, fuel and power to the myriad processes it serves. Through its use in the home, in commercial establishments and in industry, new heights of comfort and efficiency are being reached.

DEPENDABILITY

1881-1937

down thru the years

Dependability is the first requisite for a permanent business establishment. Dependable policy — dependable service — dependable merchandise . . . And on this basis we solicit the continued patronage of our community, our state and the South. We promise that today, as in 1881 and on down through the years, our watchword will be **dependability**.

SONOCO

The Standard in Paper Carriers for the Textile Industry

Since 1899 this organization of specialists has centered every effort toward the development of paper carriers for textiles. An alert staff of technical men give their entire time to the task of anticipating the needs of textiles. That they have been successful is evidenced by the fact that there is a SONOCO product to fit the industry's every paper carrier need.

Experience

LYNCHBURG ENGRAVED ANNUALS ARE
BUILT UPON YEARS OF EXPERIENCE
AS SPECIALISTS IN THE FIELD OF
SCHOOL PUBLICATIONS

IN successfully fulfilling the requirements of the modern College Annual Staff we have combined a comprehensive and systematic servicing program with that high standard of quality so essential in the production of fine yearbooks. Lynchburg engraved annuals are built by an organization specializing on school annuals exclusively, thereby assuring each staff of the personal and intelligent assistance so necessary in the planning and designing of a truly satisfactory book.

Builders of Better Annuals

A FINAL WORD

This thirty-fifth volume of the North Carolina State College yearbook, THE AGROMECK of 1937, has been a pleasure and privilege for us to produce and present to you. It is our hope that you will keep it always, in remembrance of the many pleasant days spent at State College. We have done our best to assemble in this book the things that may please you most and present you with everything you have hoped for.

In this final word, we wish to say that without the loyal support given so willingly by the faculty, fellow students, and the various campus organizations this volume of THE AGROMECK would not have been possible. There are others, too, who have aided us considerably in the producing of this book. MR. W. J. CRICHTON, JR., of the Observer Printing House, made certain that every detail of the copy and printing was excellent before the book was completed. MR. M. L. GLOVER, of the Lynchburg Engraving Company, lent many a helping hand and showed a great amount of interest in the designing of this volume. Without the ready wit of MR. M. F. DUNBAR, of Dunbar and Daniel's Studio, this book would have been filled with many dull and gloomy photographs. The untiring efforts and patience of MR. H. S. KECK, of the Observer Printing House, has lessened our burden considerably. The assistance of MR. FRED DIXON, MISS NANCY STEELE, and the librarians of the State Library has also been greatly appreciated. We take this means of thanking them all for their patient support and helpful kindness.

PETER IHRIE, JR.,
Editor.

G. M. ASHBY, JR.,
Business Manager.

J. T. CATLIN, III,
Associate Editor.
